

Dear Prof. Jungwirth:

Thank you very much for your favorable feedback on our manuscript. We have made the following changes in response to your comments:

*Abstract shouldn't exceed 200 words*

We have shortened the abstract to 190 words.

*Remove red coloring from MS text*

This has been removed.

*Tables need to be numbered with Arabic numerals*

This has been fixed.

*Adjust all References to the JPC format; for example: some Ref. titles are in title case and some in sentence case - please be consistent and choose one format*

We have adjusted all titles to sentence case.

*Adjust Refs 40, 52, 60... to JPC format (see attached file)*

We have done our best to adjust all tech reports, manuals, theses, etc. to conform with JPC standards.

*Abbreviate journal names (Refs 18, 19 and few more)*

We have abbreviated all journal names using CASSI standards (when available).

*Add TOC graphics to the last, separate page*

This has been added.

Thank you again.

Sincerely,

Nathan Baker
